

## ANNOUNCEMENT!

### **NEW PERMANENT DOG TAG PROGRAM! PLEASE TAG YOUR DOG**

The Township of Machar is very happy to announce our new permanent dog tag program which is good for the lifetime of your pet! These tags include a permanent (life long) number with a QR code that would be scannable by any modern smartphone. Our office will also keep a permanent record if you choose not to register your pet(s) on line. If your pet goes missing or you stumble upon a lost pet you can scan the tag with a smartphone or call the 1 800 number. As soon as the code is keyed in, S.O.S. Lost Pets forwards the call to the owner. Notifications are also sent via text message (sms) and via email. You can also use this function to tag your pet as missing, and broadcast it to Facebook, which will ensure your dog being returned faster.

This method of tagging will speed up, and facilitate pets being returned home safely. This method of tagging was chosen to provide better service to our citizens and for the convenience of our citizens in having to tag your pet only once for the lifetime of your pet! For this reason we ask that you take the time, once, to visit the municipal office and tag your dogs. To purchase your permanent dog tag at the cost of \$15.00, please visit the Municipal Office at 73 Municipal Rd N. Office hours are weekdays (excluding statutory holidays) from 8:30 am to 4:30 pm.
