

Dear friends, and neighbours,

October 8th, 2021

The Lake has wrapped up filming in North Bay and the surrounding area and we could not have done it without support from **You!** On behalf of the entire cast & crew, we would like to say, **“THANK YOU”** It has an been an incredible experience!

Filming during these uncertain times has presented its own set of challenges but we as an industry have made great strides in creating a safe and productive workplace. From One Mile to Woodcliffe to Northshore Roads, and from Talon Chutes and Eagle Lake in Machar Township, everywhere we went we were greeted with a warm reception and a tremendous amount of cooperation.

We appreciate the opportunity you have given us to film in your area and we know our presence can sometimes be an inconvenience, but we tried hard to minimize the disruption wherever we could and have taken great care on repairing the roads to maintain a good relationship with community interest groups. We are proud to be a part of a growing and important industry that the North will benefit from for many years to come! The fall colours this year arrived at the perfect time and the show is going to look amazing. Watch for **The Lake**, Amazon Prime's first Canadian Original Series to be aired in the spring of 2022.

Thank you!!
